WINTER 2023

Happy Holidays & Miranda's Next Generation

Greetings to all of our loyal supporters! I can't THANK YOU enough for being part of Miranda's Rescue as we are winding down our 28th year and looking towards our 29th year of rescuing animals.

I would like to introduce my son, Blake Miranda, who I am mentoring in order to prepare him for the massive amount of work that goes into running a Rescue. Blake has been a part of the Rescue his whole life. As an adult Blake was recently promoted to Rescue Manager and as always I am on the clock 24/7 so I'm here for the long haul!

We continue to take in animals throughout the county and beyond. A life's a life and if an animal is in need no matter where they come from we do our best to help them. We also understand

Shannon and his son Blake

that a lot of animals need medical attention and we do what we can to save them. Some animals might look really bad and take a little more money to rehabilitate and we never reward a survivor with death.

SAVED & READY FOR NEW HOME

This wonderful boy is a Spartan/Husky mix. He was going to be euthanized at a shelter because he is partially blind and I took him hours before they were going to euthanize him. We need a special home for him and he's a super nice dog! Please call our Office Manager, Dana, at (707) 725-4449 to inquire about this incredible survivor or for any adoption inquiries.
